

ODESSA

“Since 600BC Odessa has played a major role in Hellenic history. Starting off as an ancient Greek settlement throughout the ages Hellenes have had an affinity with the Black Sea port city.

When the city fell under Ottoman rule and was then liberated by Catherine the Great in the 18th century it was divided and half given to Hellenes in exile to be shared with the displaced Jewish population. It was here where Filiki Eteria was formed. A secret society of exiled Hellenes who met in secret, watching and meeting with the protagonists of the other great revolutions of that era to plan to take back their homeland from the Ottomans.

This underground bar is a tribute to the comradery shared by both Russia and the Hellenic Republic in their efforts to liberate the homeland of Hellenes and showcase philhellenism - the love of Greek culture and its fusion into other cultures.”

Jim Kospetas, Founder of 1821, Martin Place

David Tsirekas, Executive Chef
